

WELCOME TO OAK PARK AND RIVER FOREST HIGH SCHOOL

DR. GREG JOHNSON

“We are looking for high-quality, racially conscious, and equity-minded faculty who believe that listening to and advocating for all students are essential components of good teaching.”

We are a progressive, diverse, single-school district dedicated to our tradition of excellence and focused on preparing students for the future. We offer a comprehensive 9-12 college- and career-readiness curriculum and a rich arts education program. Our students are curious and creative, and they come ready to learn. Close to 90 percent of our students go on to college.

The high school is *the* foundational organization of our highly engaged local community. People move to Oak Park and River Forest for the schools and enthusiastically embrace our vision of being “an ever-improving model of equity and excellence that will enable all students to achieve their full potential.” We believe that *all* students are capable of high levels of academic and social success, regardless of factors such as race, income, gender identity and expression, or learning differences. That success is fostered in an educational environment that cultivates curiosity, imagination, character, leadership, critical thinking, and communication skills.

We are looking for high-quality, racially conscious, and equity-minded faculty who believe that listening to and advocating for *all* students are essential components of good teaching. If you are interested in being part of a great workplace that supports creativity, leadership at all levels, innovation, a focus on professional and curriculum development, and the best practices of instruction, we encourage you to check the employment opportunities section of our website, oprfs.org. Thank you for considering Oak Park and River Forest High School District 200.

Best regards,

Dr. Greg Johnson
Superintendent
